RailStar motor driven trolley

- Fits wide range of beam sizes for maximum versatility
- Universal use with any hook suspended single speed hoists that are equipped with reversing contactor
- Steel spur gearing for optimum strength and smooth operation
- Durable hardened cast iron trackwheels that operate on standard S-beams or flat flanged beams
- Lifetime lubricated double row ball bearings for high efficiency, low maintenance

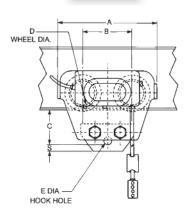

- · Cast iron control enclosure
- Four-button control station included for operating single speed hoist. Drop proportioned to 20' lift
- Steel plate side frames
- 115 volt control circuit on 1 phase units 48 volt control circuit on 3 phase units
- · Trolley guards standard
- One-year warranty
- Metric rated
- Imported

Note: Three phase units are reconnectable for high and low range voltage

*AWARNING

Overloading and improper use can result in injury.

To avoid injury:

- Do not exceed working load limit, load rating capacity
 Do not use to lift people or loads over people.
- use only alloy chain for overhead lifting.
- Read and follow all instructions.
